FORMAL OPENING AND STYLE REVIEW AT THE ROSE SHOPPE

Thursday evening at seven-thirty o'clock, the Rose Shoppe was formally opened to the women of Hamlin and Hamlin community with an elaborate Style Show, in which Mrs. Cleve Dunn featured the newest in wearing apparel and Mrs. Metta Haines presented the latest styles in hair dressing.

The Store was beautifully decorated with ferns and a profusion of roses, snapdragons, and gladiolus. Down the center, a white way was laid for the promenade, and to provide a better view of the models three dais were arranged in this snowy path.

Guests were welcomed by Mrs. Dunn and Mrs. Frank Johnson, and directed by Mrs. C. C. Prater and Mrs. Garland Tumlin to the register which was presided over by Mrs. J. H. Littleton and Miss Lennie Greenway. Greetings were extended by Mrs. M. P. May, Mrs. J. F. Taylor and Mrs. W. F. Johnson, who directed to a beautifully decorated lace-laid table where Mrs. A. D. Ensey, Mrs. Mac Brundage, Mrs. Maurice Smith and Mrs. Tate May poured punch.

Attorney Gerald Morgan was Barker for the show and during the hour Mr. Stubblefield and his orchestra furnished popular music.

Young women who modeled the most modish and up-to-the-minute in coats, suits, sport wear, afternoon dresses and evening gowns were Mmes. Frank Waggoner, Vance Mitchell, C. C. Jones, Misses Florine White, Marcelle Jones, Clydene Wilson and Miss Kenna Rector, of McCaulley.

A charming array of Shirley Temple hats were modeled by little Misses Ruby Herr, Dora Joyce Culbertson, Laura Jean Crabb and Anna Margaret McBride.

The new styles in coiffures were shown by Mmes. J. T. Bynum, Tom Vaughan, John Crabb and Misses Mary Beth Moody and Ruby Herr.

Friday afternoon at five-thirty o'clock the same models will present the same styles as were shown Thursday evening.

Preston Phenix was able to return to his home Saturday from the West Texas Baptist Hospital where he had undergone a minor operation. Mr. Phenix is resting, and when he has gained more strength he will return to the Hospital for a major operation.

PIED PIPERS GETTING IN SHAPE

Despite the fact that they have been handicapped by a late start, a week of rain and an epidemic of colds, the Pied Pipers are rapidly rounding into shape for their first football game of the season, Friday, Sept. 20. Coach E. A. Hennig of Sweetwater, is bringing his "B" team over for a clash with the Pipers. This is the first of a ten game schedule for the Pipers. Although there are but four lettermen left from last year prospects are very bright for a winning team. More than forty boys are reporting regularly. The game will start at 3:30 o'clock. Admission will be 15 and 25 cents.

SENIORS! SENIORS!

Hail the Conquering Heroes Come! and they'll probably bring a few heroes too, for the Seniors have organized!! Yest, they met Monday afternoon and elected Miss Ruby Thompson as the Commander to lead them to victory. The Seniors this year compose the largest Senior Class in the history of Hamlin High School. Do I hear applause? And with the new additions who have joined the class, just watch us go!

An interesting fact about the Senior class is that of the class of nearly seventy members, one half of them are from out of town. We are counting on them to bring us new ideas and fresh inspiration.

Miss Thompson is already losing sleep over the Junior-Senior Banquet next spring. (She is afraid the Juniors will have to build a new barn or buy a circus tent to have enough room for us). But we're letting the Juniors worry about that.

Now, listen close, we'll let you in on an interesting secret: Keep Your Eye on the Seniors!

—REPORTER PRO-TEM.

JUNIORS

The Juniors had a class meeting Tuesday, Sept 17, and elected Miss Le Sueur for their sponsor and leader for the year.

Miss Le Sueur says she may have a bigger job than she expected because there are 27 boys and 31 girls. Anyway, with her help, we're "gonna be as big, as the Seniors" (Maybe)

HIGH SCHOOL GLEE CLUB ORGANIZED

Mrs. H. A. Ongino and Miss Edwina Gilbert called a meeting of the Hamlin High School girls Monday afternoon for the purpose of organizing a Glee Club. The following officers were elected:

Mary Beth Moody—President
Betty Myrle Routh—V.-President
Annie Rush—Treasurer
Josephine McCoy—Secretary and Librarian
Anne Ferguson—Reporter.

Mr. and Mrs. Caldwell, of Lamesa, came Wednesday to be with their daughter, Mrs. John Ed Day, who is seriously ill in the Stamford Sanitarium. Mr. Caldwell returned Thursday to his home. Mrs. Caldwell will remain here until Mrs. Day is further improved.

CITY COUNCILMAN FINED

It just will not do to fool with the Hamlin City Policemen.

This was proven last week when they found a car violating the "double parking" regulation. It was tagged and it was none other than Alderman B. L. Jones' car.

Mayor Culbertson got hard boiled and not only fined the gentleman \$1 and cost, but proceeded to lecture him for violating one of the Council's own rules.

Jones paid off and set 'em up to the officers, the mayor and all. He refused to offer the Herald a "coke" so, we are telling on him.

CARD OF THANKS

The Herald is requested to say for Mr. and Mrs. D. E. Teal of the Boyd Chapel community, that they are deeply grateful to all their neighbors and friends for the many acts of kindness shown them when death took from them their son, Curtis.

We could never be as big as they think they are but can be as good as they really are, if we will all work together—and we will.

We think our carnival will be one of the best ever had and we assure you it will be different from most of them. We are making big plans for our Junior plays and banquet.

—REPORTER.

RESOLUTIONS

Passed by the Jones County Baptist Association, in annual session with the Corinth Baptist Church on Friday, September 13, 1935.

Realizing the seriousness of the social and moral conditions in and through our county, we go on record:

(1) As expressing our confidence in and our appreciation for the law enforcement officers of our county in giving themselves to their duties of law enforcement as best they can;
(2) We pledge our support to them and urge that they keep on with their untiring efforts against the illicit liquor business in Jones County;
(3) We commend the County Attorney in his stand against the various gambling machines scattered throughout the County, and we express our appreciation of the fact that this evil was routed from our midst. However, within the past few days these or similar machines have been returned, and we urge our County Attorney that he use his office of authority to remove them permanently. We pledge him our support now and hereafter in suppressing the gambling evil in our County;

(4) We pledge to give ourselves to the support of law enforcement as jurors, citizens and Christian men and women;

(5) We pledge ourselves to withhold our support at the ballot box from any officer who refuses or fails to perform his duties in the office which he holds;

(6) We ask that a copy of these resolutions be given to each officer in the County, and that a copy be furnished our County newspapers for publication.

Signed,

J. HENRY LITTLETON,
G. I. FULGHAM,
J. B. ASHBURN,
ROY O. YOUNG,
Committee.

Mrs. C. G. Green left Sunday for Wolfe City to visit her mother and sister. Her sister is in a sanitarium for medical treatment, and during her absence Mrs. Green will remain in Wolfe City to be with her mother.

NAZARENE CHURCH REVIVAL CONTINUES

The revival under the leadership of Rev. E. G. Theus of Bethany, Oklahoma, will continue till this Sunday night. The attendance has been gratifying indeed, and the interest is good.

The meeting will close Sunday evening at the regular night service. We are having a Sunday School Rally Sunday morning, and are expecting to at least double our present highest attendance record.

Rev. Theus announces that his theme Sunday morning will be "Consecration" and the evening subject will be, "Seeking God." Mr. Theus is a very interesting and instructive preacher—you will miss something worth while if you do not hear him. Let us see an overflow crowd in our church this Sunday night.

J. H. WHITAKER, Pastor.

Dr. and Mrs. W. W. Fowler and Mrs. C. C. Brannon, of Dallas, were guests this week in the home of Dr. and Mrs. J. F. Taylor. Dr. Fowler is and brother, and Mrs. Brannon a sister of Mrs. Taylor.

Mrs. M. T. York returned Monday from Waco and Marlin where she had accompanied her son, Marvin and Ray Willingham, who entered Baylor University, and visited her husband, M. T. York, who is taking a rest in Marlin. Mrs. York reports Mr. York will return home in two weeks.

Mr. and Mrs. W. L. Fletcher and sons, Harrold, Milton and W. L. III, returned on September 11 from Boston where they attended the National Rural Letter Carriers Convention. On their trip of nearly one month they enjoyed the sights of many cities including the famous old Boston, Concord, the edge of New York, Washington and many other cities. Mr. Fletcher is National Treasurer of the big organization and was re-elected without opposition. He is back now on his rural route No. 2 out of Hamlin, as usual.

LITTLE BOY KILLED

BY WAGON WHEEL

John Curtis Teal, age 8, son of Mr. and Mrs. D. E. Teal of the Boyd Chapel community, fell from a water wagon last Friday. A wheel of the wagon passed over the center of the body.

The little fellow was carried to the Stamford Sanitarium and died Saturday morning.

Funeral services were held at the Neinda Baptist Church Sunday, conducted by Rev. Hubbard.

The body was placed in the Neinda Cemetery.

An unusually large number of friends and neighbors were present to express their sympathy to the bereaved parents.

COTTON ADJUSTMENT PROGRAM
EXPLAINED BY L. H. McBRIDE,
COTTON CLASSER FOR WEST
TEXAS COTTON GROWERS'
ASSOCIATION

Referring to the recent announcement by the Government that a price adjustment payment will be made to cotton growers who complied with the 1935 control program and who agree to comply with the 1936 program when announced.

Payment applies on 1935 production, not in excess of the Bankhead allotment. The adjustment payment cannot exceed two cents a pound.

Price at which the grower sells cotton does not in any manner effect the amount of adjustment payment, as payment is to be the difference between 12 cents and the average price of middling 3/4-inch staple on the average of the 10 designated spot markets, which are quoted daily.

Amount per pound to be paid as a price adjustment, or Subsidy, will be determined by subtracting from 12 cents the average quoted price in the 10 designated spot markets for middling 3/4-inch staple on the day the grower sells the cotton. For instance, if the producer sold cotton today, and the average price of the 10 designated spot markets today was 10.40 he is entitled to receive a price adjustment payment for the difference between 12 cents and 10.40 or 1.60 cents per pound.

Please bear in mind that the price adjustment payment and the loan are two separate and distinct transactions and that one does not depend upon the other, and that cotton placed in the loan will not receive adjustment payment until the cotton is withdrawn from the loan and sold by the owner.

Adjustment payment does not guarantee 12 cents, in fact the grower with a premium bale may receive above 12 cents, on the other hand cotton below middling 3/4-inch staple may not net 12 cents with adjustment payment added to the present market.

It is not known when adjustment payments will be made, but it is believed that there will be three payment dates between now and August 1, 1936.

AN ORDINANCE

AN ORDINANCE REGULATING ITINERANT VENDORS OR ITINERANT MERCHANTS, DEFINING SAME, PROVIDING A LICENSE FEE AND CONDITIONS FOR THEM TO OPERATE IN THE CITY OF HAMLIN, TEXAS, PROVIDING FOR PENALTIES FOR VIOLATION, REPEALING ALL ORDINANCES IN CONFLICT THEREWITH.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

SECTION 1. This entire ordinance shall be deemed an exercise of the police power of the State of Texas, and of the City of Hamlin, Texas, and for the public safety, comfort, convenience and protection of the City and citizens of Hamlin and all its provisions shall be construed for the accomplishment of that purpose.

SECTION 2. That no person, firm or corporation shall engage in the business of itinerant vendor in the City of Hamlin without first having obtained a license from the Assessor and Collector of Taxes as hereinafter provided. That the words "Itinerant Vendor" shall be construed to mean and include all persons, firms or corporations, both principal and agent, who engage in a temporary or transient business in the City of Hamlin, selling goods, wares or merchandise, and who for the purpose of carrying on such business hires, leases or occupies any room, building or structure or premises for the exhibition or sale of such goods, wares or merchandise, and the person, firm or corporation, so engaged shall not be relieved for the provisions of this ordinance by reason of being associated temporarily with any local dealer, trader, merchant or auctioneer by conducting such temporary or transient business in connection with or as a part of the business of any local dealer, trader, merchant or auctioneer. That the provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, nor to bona fide sale of goods, wares, or merchandise by samples for future delivery, nor hawkers on the streets, nor to foot peddlers, nor to peddlers from vehicles.

SECTION 3. That any person, firm or corporation desiring to engage in the business of itinerant vendor as herein defined may obtain a license therefor from the Assessor and Collector of Taxes of the City of Hamlin, upon paying to the said Assessor and Collector of Taxes a license fee in the sum of Two Hundred (\$200.00) Dollars, and executing a bond to the City of Hamlin in the sum of One Thousand (\$1000.00) Dollars with two or more good and

sufficient sureties thereon, one of who shall be an approved surety company doing business in the State of Texas, acceptable to the City Council of the City of Hamlin, Texas, and the other surety shall be a resident of the City of Hamlin, and said bond shall be conditioned for the faithful observance of the Charter and ordinances of the City of Hamlin. That permission to conduct the business of itinerant vendor under said license shall terminate one month after the issuance of said license unless the person, firm or corporation securing the same shall pay to the Assessor and Collector of Taxes the sum of Ten (\$10.00) Dollars for each additional month he desires to continue in the business of itinerant vendor, provided, however, that any merchant who pays to the City of Hamlin the amount of occupation taxes required by the ordinances of the City of Hamlin shall not be required to pay the license fee herein provided.

SECTION 4. That any person, firm or corporation, or any officer, agent or employee thereof, who shall engage in the business of itinerant vendor as herein defined without having secured a license for that purpose as herein provided, or who, having secured such license shall thereafter fail to pay the sum required therein shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not more than Two Hundred (\$200.00) Dollars and each and every day that any such person, firm or corporation shall engage in such business without such license shall constitute a separate offense.

SECTION 5. If any part of this ordinance should for any reason be declared unconstitutional or invalid, the balance or remaining portion of said ordinance shall remain in full force and effect.

SECTION 6. The fact that there is now no adequate provision or ordinance controlling itinerant merchants makes its an imperative public necessity that this ordinance be in full force and effect after its passage, and it is so done.

PASSED AND APPROVED this 17th day of September, 1935.

AN ORDINANCE

AN ORDINANCE ENTITLED: AN ORDINANCE TO REGULATE AND PROHIBIT THE PARKING OF COMMERCIAL MOTOR DRIVEN VEHICLES, WITH INTENDED CARRYING CAPACITIES OF MORE THAN 1500 POUNDS, ON CENTRAL AVENUE IN HAMLIN, TEXAS, BETWEEN THE INTERSECTION OF 6TH STREET AND THE INTERSECTION OF 10TH STREET ON SAID AVENUE; AND TO PROVIDE A PENALTY FOR THE VIOLATION THEREOF:

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

SEC. 1. That it shall be unlawful for any person to park or cause to be parked any commercial motor driven vehicle with an intended carrying capacity of more than 1500 pounds on Central Avenue in Hamlin, Texas, between the intersection of 6th Street and the intersection of 10th. Street on said avenue; This ordinance, however, shall not apply to a person parking a commercial motor driven vehicle on said avenue between the intersection of 6th. Street and the intersection of 10th. Street for the SOLE purpose of loading or unloading property, provided any such vehicle is parked into the curb and shall remain parked for no greater length of time than is necessary for loading or unloading property.

SEC. 2. Commercial motor driven vehicle as used in this ordinance is any motor vehicle intended, designated or used for the transportation of property. Intended carrying capacity as used in this ordinance is the manufacturers rated carrying capacity.

SEC. 3. Any person violating any provision of this ordinance shall be

deemed guilty of a misdemeanor and upon conviction shall be fined in any sum of not less than One Dollar or more than One Hundred Dollars and each and every violation shall be deemed a separate offense.

SEC. 4. All ordinances in conflict with this ordinance are hereby expressly repealed insofar as they conflict with this ordinance.

PASSED AND APPROVED this 17th day of September, 1935.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

At Bat

When parents want something really serious and important to ponder, think of a boy's baseball game. There's no subject more profound.

The truth of that you will have to discover for yourself by analysis. I can't do it in the space at my disposal. Nor can you prove it, if you're an adult, by playing the game. Adults play for fun. They re-create. Boys work at it. To them baseball is serious. There's all the difference in the world.

Look into the face and the eyes of a boy standing at home plate when the bases are filled and a hit means winning the game. Try to imagine what's going on inside. What a situation! Pitcher against batter. Skill against skill. Wits against wits.

No fooling there. But a real case of "delivering the goods." He's got to "come through." It's no time to say "Gee, fellers, I gotta go home, my mother wants me." No quitting under fire. No alibis. No faltering. Just nerve, concentration, giving every bit of one's self. Such are the times when character is born and tried. If he tries, that is all the boys ask. He may not hit the ball, but if he did his best, he passed the test. He's got the "stuff." He's good material for shaping into a man.

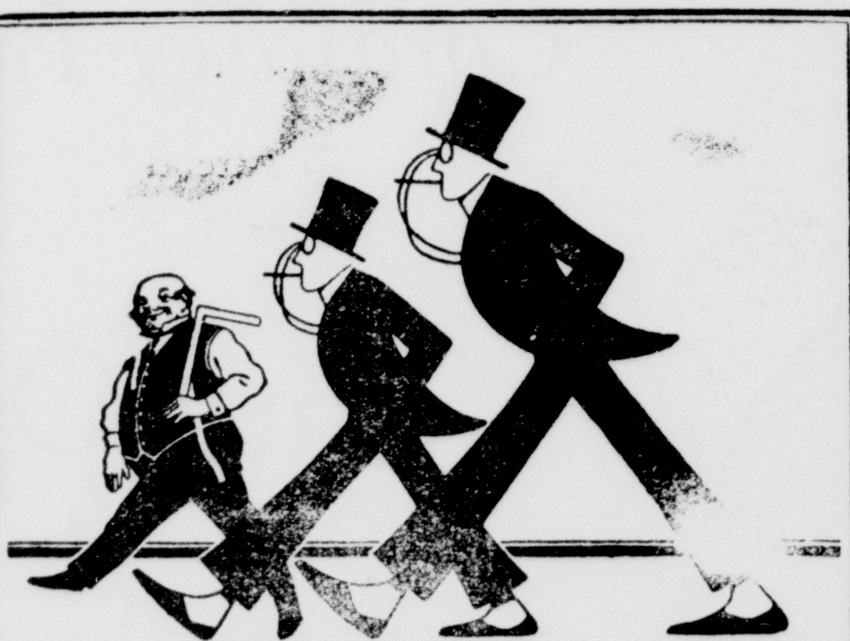

Are bare feet dangerous? Dr. Ireland will discuss some facts and fallacies about them in his next article.

SUGGESTIONS FOR

KEEPING MEAT

"I have taken cured hams, sliced them, placed the slices in gallon stone jars, melted lard and poured over the meat until it is one-half inch thick on top, placed a top on the jar and tied a cloth over it and the meat kept perfectly," Mrs. W. M. Fancher of the McCaulley Women's club told the club members.

"I also dried bacon, cut it in strips, packed it in fruit jars, sealed it and placed it in the cellar. It lasted until August and was just as good as it was when first cured."

Mrs. Fancher put sausage in casings, cut in 3 inch strips, placed it in a wash pot of hot lard to cook, then filled fruit jars, covering the product with three or four tablespoons of lard, sealed the jars and turned them bottomsides up until the lard cooled and she said the sausage was delicious.

STORAGE OF POTATOES

"One should dig sweet potatoes before it rains on them," Miss Hunter told members of the McCaulley Club. "Potatoes should be kept in a dry place. We store our potatoes in dry sand in the dugout and we have some that have kept for two years."

FRESH TOMATOES

FOR WINTER

"I have fresh tomatoes throughout the winter months by gathering the tomatoes while green and placing a layer of sand in a stone jar then a layer of tomatoes," Mrs. T. J. Go-

forth told the club members of the El Paso community. She said "as I need tomatoes I take them from the jar and place them in the sun to ripen."

HINTS FOR DRYING FRUIT

"In order to dry fruit so that it will not turn dark, remove the bottom trays from an incubator that has been thoroughly sterilized, then half the fruit without washing it and place inside the incubator with the peel down," Mrs. Livingston told the members of the El Paso Club. "For the first 24 hours keep the temperature at 90 degrees, increase the heat to 96 degrees for the second 24 hours and 103 degrees for the third 24 hours." Then sack the fruit and for every 24 pounds of fruit place a small bottle of highlife, with the cork split, in the sack of fruit, this will keep out insects."

WHAT COOPERATORS IN

PRETTY GROCERY

In this week's Herald you will see a "new face." It bears the name of "A. D. ENSEY" Grocery. And the owner and manager needs no introduction to the people of this community. He is a natural born grocery man and when you see inside of his newly fitted store you will see a thing of beauty.

He starts off in a fashion to let the "eating folks" know what he has and what he wants for it. His store is finished in white with a pretty trimming of green.

It look like he has selected some rousing live fellows—there is Lowell Ballew, Etzel McCoy and Harvey Kimbler, all young fellows who can shovel out "the beans" in good style.

All Ensey needs for you to do, is just come, look and get hungry. He will do the rest.

Lady's Painful Trouble
Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.

My Favorite Recipes

—Frances Lee Barton says:—

HERE is a wonderful way to make these delicious berries, that you can buy in the markets these days, go twice as far. Make them into a tapioca pudding. And it's so quick and easy. I'm teaching my boys to cook, and this pudding is one of the specialties. John, the twelve-year-old, served it to his Scout Troop for his Scout Merit Badge; and was named Oscar of the Waldorf. I have touched him with a hot iron pole!

Fresh Berry Tapioca

2 cups water; 1/3 cup quick-cooking tapioca; 1/2 cup sugar; 1 teaspoon salt; 1 1/2 to 2 cups crushed, sweetened berries; 1 tablespoon lemon juice.
Place water in top of double boiler and bring to a boil over direct heat. Combine dry ingredients; add gradually to water and bring to a brisk boil, stirring constantly. Place immediately over rapidly boiling water and cook 5 minutes, stirring occasionally. Cool—mixture clears and thickens as it cools. When slightly cool, fold in berries and lemon juice. Chill. Serve in sherbet glasses. Garnish with whipped cream and a few whole berries. Serves 6.

MISS FAULKNER MADE TALK
AT CLUB MEETING

"One of the best improvements that a person can make in his garden is to build up the seed from year to year by saving the choice seed yearly," said Miss Faulkner, Home Dem. Agt., in a talk at the regular meeting of the South Hamlin Home Dem. Club, in the home of Mrs. A. A. Calloway, on Sept. 11th.

She also gave instructive lectures on methods of storing vegetables that can be kept without canning, and how to dry seed for the following year.

Potatoes may be kept by allowing them to dry in a shady and protected place for three or four days and then placing them in the cellar one deep or in pits dug deep enough that the frost will not injure the potato. Cabbage is stored in pits also but does not require one as deep for they are not so easily ruined.

A good way to select tomato seed is to place the choice tomatoes in a container of water allowing about a foot of water above tomatoes. Let stand three or four days. The inferior seed and pulp will rise to the top. The good seed will remain on the bottom.

The club was shown a model recipe file and each member was urged to get one.

Mrs. Calloway's pantry was conveniently and attractively arranged by the Home Demonstration Agent. It is to be on display as a model pantry, October 2nd, at a meeting at her home.

The next meeting will be a luncheon in the home of Mrs. Loyd Sebastian on Wednesday, September 25th at one P. M.

WHITAKER GREENWAY AND

MISS SALLIE B. ADAMS

MARRIED SATURDAY

Mr. Whitaker Greenway and Miss Sallie B. Adams brought surprise to their friends and parents when they were united in marriage, on Saturday, the 7th of September, in the home of Rev. J. Henry Littleton.

Mr. Greenway is the son of Mr. and Mrs. Roscoe Greenway of the Wise Chapel community. Mrs. Greenway is a daughter of Mr. and Mrs. C. L. Adams and is a very popular young lady in the Dovie community. She was a student in Ham-

lin High School, where she had one year of work as a Junior. She also has lots of friends in Hamlin.

They are making their home in Hamlin at present.

THE SAME COUNTRY

By ROBERT V. FLEMING
Vice President, American Bankers Association

R. V. FLEMING

There is a growing appreciation, both on the part of the people and the Government, of the earnest and sincere efforts being made by bankers to aid in recovery. It is desirable that we miss no opportunity to foster public understanding of the bankers' problems. We are living in an age of complex and upset economic conditions. Our affairs are closely inter-related not only within the confines of our own borders but extend to other countries throughout the world.

The Greatest Difficulty

I think the greatest difficulty we have in overcoming in America today is due to our impatience with the progress we are making towards recovery. We must realize that while the Government can help by directing some measures for relief and recovery, we must help ourselves by doing our share to give impetus to the Government's efforts. We have the same country and basically the same businesses, factories and people as we had prior to the depression, and business initiative must step forward if real recovery is to be achieved.

The theory we often hear expressed that banks create business activity is wrong. Banking can only make a supplementary contribution to business activity. Bankers have the facilities and the desire to extend credit, but business must initiate activity by seeking the credit which is readily available to all worthy borrowers.

Let it be said for business, however, that business men are as eager as bankers to contribute towards recovery. I think some of the trouble lies in the fact that too many legislative measures have been proposed for reform which leave an uncertainty in the minds of business leaders as to their eventual outcome and effect. Consequently, they hesitate to expand until the probable effects of such legislation are known.

Returns for the first quarter of 1935 for industrial corporations publishing quarterly reports show net profits 21 per cent more than for the same in 1934. The total farm value of all important crops, exclusive of livestock, rose in 1934 to \$4,782,423,000, as compared with \$4,114,265,000 in the previous year and \$2,882,195,000 in 1932.

MAKING IT HARDER FOR BANK ROBBERS

Mechanical Devices That Impede the Work of Bandits Described by Bankers Association Official.

The impediments which the hard working bank robber now meets in playing his trade among small as well as large banks are described by James E. Baum, Deputy Manager American Bankers Association in charge of its Protective Department, in an article in "Banking" published by his organization.

"Protective equipment will minimize if not prevent loss," Mr. Baum says, "such as the silent automatic type of alarm, approved tear gas systems, several styles of bandit resisting enclosures and timelocks, or safes equipped with timelocks, which can be set for intervals of a few minutes."

"The silent automatic alarms operate in the beginning of a holdup and through actions carried out by the bank employees in obedience to the bandits' own commands. They are adaptable to the smaller banks which continue to be easiest targets for bank robbery."

Tear Gas Systems

"Tear gas systems have their advantages as self-contained protective units where outside aid is inconvenient or too remote from the bank to be effective. One objection to the use of tear gas in preventing holdup is the need of pressing a lever or button to discharge it. Although this necessary action seems too much to expect of the victims in a crisis where their lives are in jeopardy, the fact remains that tear gas systems have defeated bank robbery. Its deterrent value is also important."

"Different styles of bandit resisting enclosures are available. The lock manufacturers also produce timelocks which can be set to open at intervals of five minutes or longer. These locks are especially adapted for attachment to small safes or chests for safeguarding surplus funds while the bank is open for business."

Stock of Central Banks Usually Privately Owned

Of all the central banks at present existing there are only four whose stock is owned by the government. The newest central bank is that of Canada, which opened its doors only a few months ago after a most exhaustive study had been made of the experience of all nations with the result that the stock of the Bank of Canada is private.

NOT SO GOOD THERE EITHER

"My husband is so careless of his appearance. It seems like he just can't keep his buttons on his clothes."

"Are you sure it's carelessness? Perhaps they are—uh—well, sewed on improperly."

"Maybe you're right. He is terribly careless with his sewing."

BIG THREE RING CIRCUS COMING

THE RED WAGONS ARE
COMING, THURS., SEPT 26

The blare of bands and the tooting of the calliope bring back memories when we were kids. So let us be kids again and look back several years when the real thrill of our lives were made happy with the announcement of the arrival of the circus.

Seal Bros. Big Three Ring Wild Animal Circus will exhibit at Hamlin THURSDAY, SEPT. 26, and will give two grand performances at two and eight p. m. Doors will open one hour earlier in order that everyone may have ample time to inspect the mammoth free menagerie, where you will see almost every kind of an animal from the animal kingdom. There are lions, leopards, tigers, pumas, hyenas, camels, bears, ocelots, yaks, zebras, wild buffalo, giraffes, birds of paradise, from the tropics, elephants and America's most beautiful horses. The animal zoo is worth traveling miles to see and in fact is nothing less than a traveling university of natural history.

As a prelude to the circus proper a beautiful Spectacular Pageant is presented whereby every member of the circus takes part in a gorgeous processional fiesta of Old Spain which is entitled Sunny Madrid. This is headed by its beautiful prima donna a Senorita Delorez Gomez, Mexico's most celebrated dancer, who is assisted by twenty dancing girls and boys from the country of music and flowers.

The wild animal displays are presented by Capt. Ben Bowman, Floyd Hunter and Fred Anderson. The Horse Fair of Kentucky bred, gaited High School and Dancing Horses are presented by Miss Laura Seal and a dozen lady riders. There are twenty-five clowns to furnish the fun and drive away the blues.

A few of the featured performers are as follows: The Flying Henrys, the Aerial Delmars, the famous Matsumoto Family of Japanese artists the first time in America, Miss Peggy Webb, who is the Queen of the Air and is the original Girl on the Flying Trapeze. The Corriell Family of acrobats and tumblers, the Driesbeck Sisters, Germany's greatest lady riders and equestriennes.

On Monday, Sept. 16, the Hamlin W. M. S. met in regular session for a lesson in Royal Service with Mrs. Carl Young, leader.

A splendid number were present to enjoy the many good discussions of the sponsoring group from the Lucille Reagan Circle as they spoke from the general theme subject, "Lifting the Banner Through Stewardship."

The meeting time remains at 2:30 P. M. Mondays. You are invited.

Miss Gladys Davis, daughter of Mr. and Mrs. E. C. Davis of the Flat Top community, has accepted a position as nurse in the Hamlin Hospital. She recently completed a three year course in nursing in the Stamford hospital. Miss Davis takes the place of Miss Pauline Young who has taken a place in the Texarkana Hospital.

IN ERROR—Last week the Herald published a list of students we presumed were going off to school. In the list we named Eva Ruth Willingham. That was an error. We had not learned she had married. In fact, there was no reason why we should know it unless some one told us. She is now Mrs. Blakely Campbell and lives in Longview, Texas.

FINDING WAYS TO USE MORE COTTON

While Federal agencies are studying new uses for Cotton and its Products the Safeway Stores organization steps forward with a suggestion that many thousands of dollars can be poured into the pockets of cotton farmers if we will use those products we already have tested and found to be acceptable.

On September 16 Safeway launched a great producer-consumer campaign, organization-wide in scope, to acquaint American housewives with the myriad uses of this useful oily of the cotton seed. The Safeway Stores in this community will join in the campaign and for one week will emphasize the wide range of products made from cotton oil.

This is not the first such campaign staged by the Safeway organization. Several years ago Western sheep men went to Safeway officials and told of a vast "over-supply of mutton." Unconvinced that there is such a thing as an over-supply of food the Safeway officers, however, saw an opportunity to serve both the producer and the consumer—and took advantage of it. The result was a remarkable promotion that placed mutton and lamb on thousands of American dinner tables. The result was that the over-supply vanished in a short time.

The principle has been applied to beef, to potatoes, to fruits and other products, with invariable success. The American housewife and the Southern planter literally are joining hands in a great co-operative effort that is fore-ordained for success.

So important and so far-reaching has become the cotton oil campaign that it has gained the interest of State and Federal agricultural officials, agricultural news writers, farm organizations and women's clubs. It is unanimously supported by the cotton oil manufacturers.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

LET'S TALK ABOUT CLOTHES

By a "Young Modern"

DENTON, Sept. 18. — With the
advent of each new season, the ques-
tion that invariably comes up is,
"What colors and materials will be
"top notch" in the fashion parade?"
Particularly true is this of the fall
and winter season when fashion tries
to outdo the deadness of the season
in a display of brilliant woolsens and
silks that add sparkle to the general
atmosphere.

The 1935 autumn selects purple as
one of the most outstanding hues
on the color chart. A brilliant regal
tone that is smartly new in soft
rabbit's hair wool makes a charming
ensemble for town wear. It can be

worn with either black or brown
accessories. Closely akin to the royal
shade of purple is that shade fash-
ion exponents call tulle, a dull rich
tone that is smart in its restrained
sophistication. It, too, is shown in
soft clinging wools and smooth tex-
ture silks.

Bright green is a feature color
for fall and is greatly in demand by
the younger groups, according to
students at Texas State College for
Women (CIA). Accents of black in
large "frog loops," buttons and pat-
ent leather conventional flowers are
used for trimming. The over-popu-
lar dull greens are again seen on
the fashion rostrum. They make
chic suits and can be effectively
trimmed with velvet or fur.

The wine shade of a season ago
has given away to a more brilliant

tone and comes out, fresh from the
designer, in a brick color. The ma-
terial itself is self-woven into stripes
making a pleasing fabric for semi-
sport frocks. This brick color is
popular in mingled tweeds with
brown and green, and is nice when
trimmed with dark brown fur.

MARRIED

Mrs. Sue Hill and Mr. A. P. Pat-
terson, both of this city, gave their
friends a big surprise, when on Sat-
urday evening they motored to An-
son and were united in marriage by
Rev. Doyle, pastor of the First Bap-
tist Church of Anson, at his home,
at nine-thirty o'clock.

Immediately after the ceremony
Mr. and Mrs. Patterson left for Waco
and Valley Mills where they visited
relatives. They returned to Hamlin
Tuesday, and are now at home on
Jackson Avenue.

Miss Madge Howington returned
home last Wednesday from Stamford
where she had spent three years in
training in the Stamford School of
Nursing. Miss Howington was one
of the graduates in a class of eight
young women, and was awarded her
diploma on last Friday evening. She
will spend a few days here with her
parents before resuming her work.

NOT SO GOOD THERE EITHER

"My husband is so careless of his
appearance. It seems like he just
can't keep his buttons on his
clothes."

"Are you sure it's carelessness?
Perhaps they are—uh—well, sewed
on improperly."

"Maybe you're right. He is ter-
ribly careless with his sewing."
